

SINGA-POWER ANIMALS

Post-show Resource

We hope you enjoyed learning about Singapore's lesser-known animals and their Singa-Powers in the
Ranger Buddies Virtual Show: Singa-Power Animals!

This post-show resource will help you facilitate an activity where students create Animal Collector Cards to help them recall each animal's unique skill and share their discoveries with others.

In this resource pack, you will find:

Activity

Animal Collector Cards

ANIMAL COLLECTOR CARDS

Instructions

Use the templates on pages 4 – 7 and get your students to create their own collectible cards to recall the animals they learnt about in the Virtual Show. Encourage students to use the cards to share one animal fact or Singa-Power they learnt with a friend or family member.

Choose the version that best suits your students' abilities.

Version 1

Colour and Share

Students colour the animal images and read the animal information.

Legend

-  Invertebrates e.g. insects, worms
-  Other animals e.g. rats, snakes
-  Leaves, flowers or nectar
-  Fruits

Version 2

Write and Draw

Students draw the animal and write in the animal information.
