RANGER
BUDDIES

Greetings parents,

Your children will be joining us on the
Ranger Buddies Fight Deforestation Virtual Show
in school on 8 March 2024.

In this highly interactive show, your children will go on a virtual mission to help Hailee and Kiara gather information about protecting the rainforest. In doing so, they learn how to make responsible shopping choices that protect wildlife and the environment.

Encourage your children to learn more about the rainforest and prepare the items needed for the virtual show. **Turn the page for more details.**

We can't wait to see your children soon!
