# ADVENTURE AT RAINFOREST WILD ASIA

POST-SHOW RESOURCE

The main title 'ADVENTURE AT RAINFOREST WILD ASIA' is centered at the top. 'ADVENTURE' is in large, yellow, bubbly letters with a dark brown outline. 'AT' is smaller and in yellow. 'RAINFOREST WILD ASIA' is in large, green, bubbly letters with a dark brown outline. To the left of the title is a green, rounded character with two large white eyes and a small green vine-like appendage.

This resource helps reinforce your students' learning from the Adventure in Rainforest Wild ASIA Virtual Show. It is design to spark conversations, promote active listening, and get children excited about exploring the park with respect and care.

In this resource pack, you will find:

**1. Explorer Ears Craft Activity**

Create giant Explorer Ears to remind students to use their listening skills during nature exploration.

**2. Forest Adventure Guide**

Recap the behaviours of a good nature explorer as a class when preparing to go outdoors.

## Activity 1

# EXPLORER EARS

A good explorer uses all senses when exploring a nature space. You may not always see animals, but you might hear them! Create giant Explorer Ears and bring them on your next trip outdoors to remind your students to listen to the sounds of nature.

**Objective:** To practice listening skills and become more aware of the sounds and movements in their surroundings

### Instructions:

**1.** Look closely at your ear in the mirror.

Observe the lines and shapes that make your ears unique

**2.** Draw the shape of your ears out on a paper.

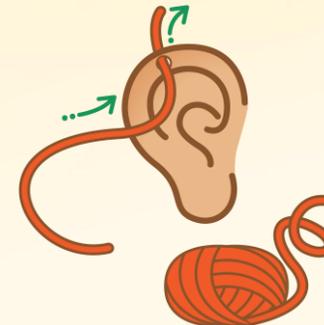

**3.** Cut it out, then decorate it

Use colors, patterns, or textures inspired by the rainforest

**4.** Punch a hole at the top and add a string

**5.** Bring your Explorer Ear to the park and listen closely to the things around you

## Activity 1

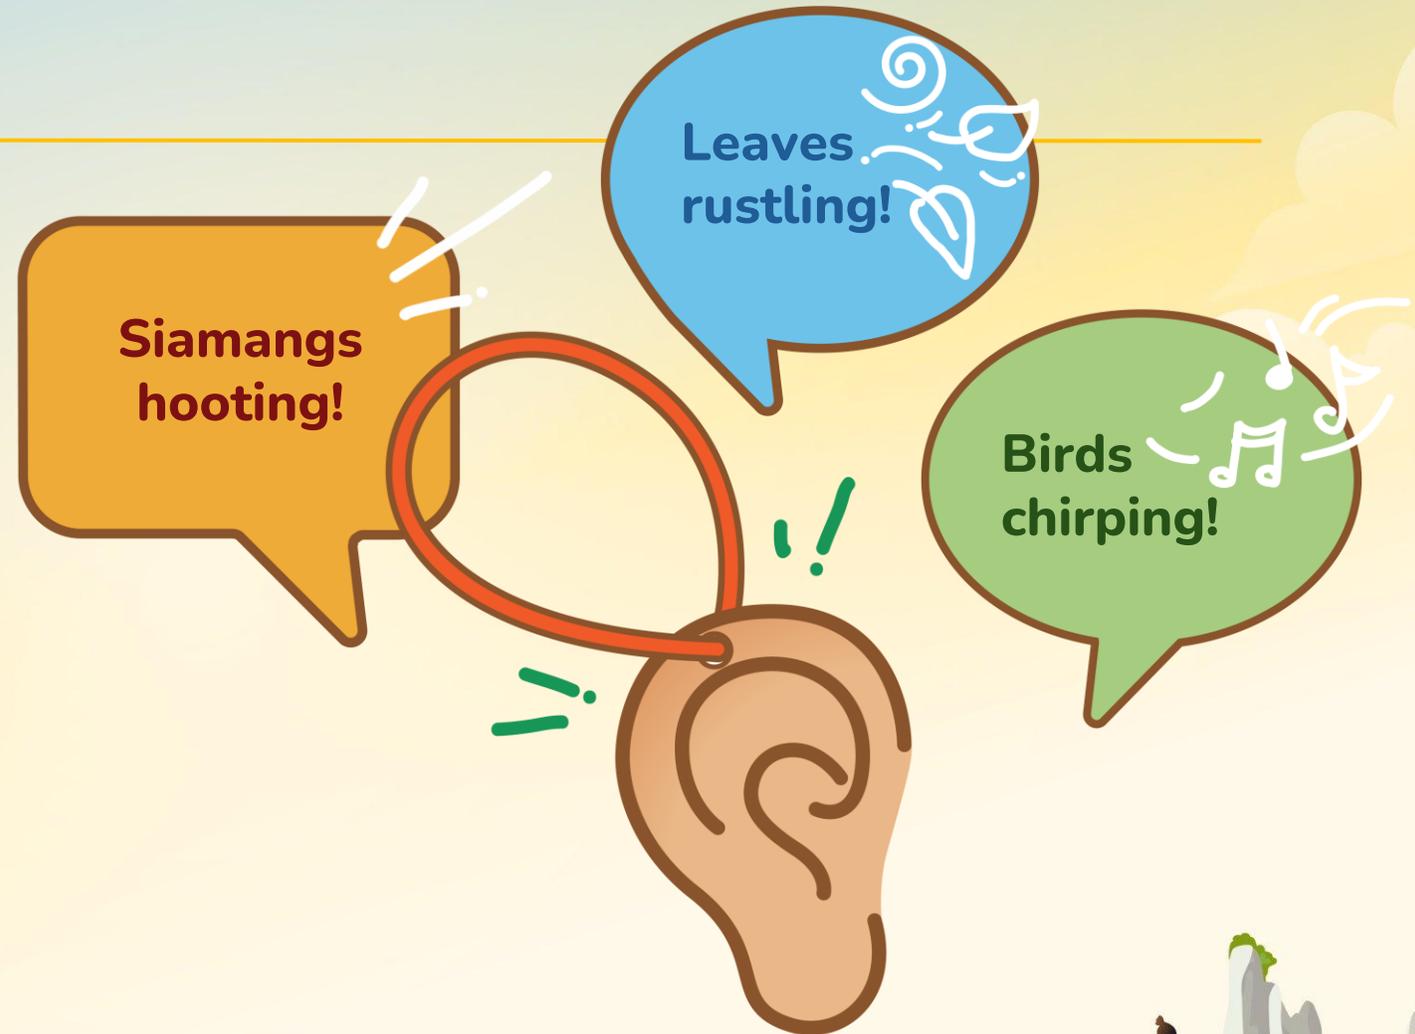

# EXPLORER EARS

### Instructions:

Remind your students that their Explorer Ears can be like a discovery tool to help them notice what's around them by listening carefully.

When outdoors, prompt your students with the phrase, "**I hear with my Explorer Ear...**" and get them to complete the sentence by describing what they hear.

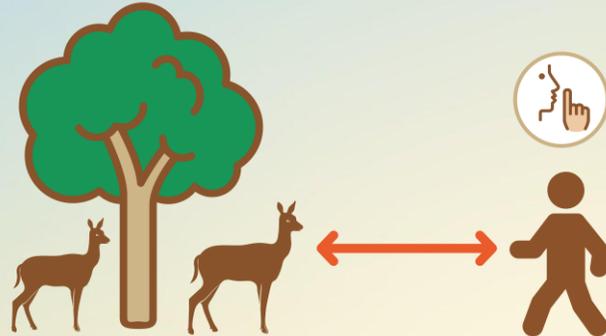

For even more tips and ideas to help prepare your children for a visit to Rainforest Wild ASIA, download the **Educators' Guide to Rainforest Wild ASIA** [here](#).

# FOREST ADVENTURE GUIDE

- 1** Keep a safe distance from the animals and listen quietly.

When we're quiet and keep our hands to ourselves, animals feel safe, and we might spot more of them!

- 2** No eating in places where signs say not to and always hold on to your trash.

Curious animals might think your snacks are their food, but our snacks aren't healthy for them!

- 3** Keep yourself safe – if it starts to rain, remember to put on your raincoat and find a dry spot to stay under!

A red flashing light tells us that there may be lightning strikes. It means it is time to find a shelter.

- 4** Always stay on designated paths.

Follow the tree markers and stay on the path so we don't get lost.

# GET FEATURED ON RANGER BUDDIES' INSTAGRAM!

Send in your students' work and stand a chance to be featured on the official Ranger Buddies [Instagram page!](#)

## Instructions:

---

- Invite your class to design a poster to remind everyone of good forest etiquette. You may use the Forest Adventure Guide for inspiration.
- Submit images of either your students' Forest Adventure posters or their handmade Explorer Ears.
- Submit a portrait image of the craft (JPEG format).
- Include your **full school name** and **class** in the submission.
- Upload via link [here](#).

**Submit by 11 July 2025 for a chance to be featured  
before August 2025.**
